Accessibility Plan

Preston Primary Academy Trust

April 2025 – April 2028

Kingfisher Primary School Accessibility Plan

1. This Accessibility Plan has been drawn up in consultation with the Local Authority, pupils, parents, staff and directors/governors of the school.
2. The purpose of this accessibility plan is to show how the school plans to improve accessibility for pupils with special educational needs and when these improvements will be made. We aim to ensure physical and intellectual needs are met effectively, whether they be permanent, temporary or situational.
3. We are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.
4. Over time we will increase the accessibility of provision for all pupils, staff and visitors to the school. The Accessibility Plan will contain relevant actions to:
 - Improve access to the **physical environment** within Kingfisher Primary School, adding specialist facilities as necessary. This covers improvements to the physical environment of the school and physical aids to access education.
 - Increase access to the **curriculum** for pupils with SEND, expanding the curriculum as necessary to ensure that pupils with a disability are as, equally, prepared for life as are the able-bodied pupils; (If a school fails to do this they are in breach of the DDA). This covers teaching and learning and the wider curriculum of the schools such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist **aids and equipment**, which may assist these pupils in accessing the curriculum.
 - Improve the delivery of **written information** to pupils, staff, parents and visitors with disabilities. Examples might include handouts, timetables, textbooks and information about the school and school events. The information should be made available in various preferred formats within a reasonable time frame.
5. Attached are Action Plans, relating to these key aspects of accessibility. These plans will be reviewed and adjusted on an annual basis. New Plans will be drawn up every 3 years.

6. We acknowledge that there is a need for ongoing awareness raising and training for staff and governors in the matter of disability discrimination and the need to inform attitudes on this matter.
7. The Accessibility Plan should be read in conjunction with the following policies, strategies and documents:
 - Curriculum
 - Equal Opportunities and Diversity
 - Staff Development
 - Health & Safety
 - Inclusion
 - Special Needs
 - Behaviour Management
 - School Improvement Plan
 - Asset Management Plan
 - School Brochure and Mission Statement
8. It may not be feasible to undertake some of the works during the life of this first Accessibility Plan and therefore some items will roll forward into subsequent plans.
9. The Schools Prospectus will refer to this Accessibility Plan.
10. Information about our Accessibility Plan will be available to Parents
11. The Plan will be monitored by the Local Governing Bodies of the schools.
12. The school will work in partnership with the local education authority in developing and implementing this plan and will adopt in principle the Somerset Accessibility Strategy, Access to Learning.
13. The Plan will be monitored by Ofsted as part of their inspection cycle.

Improving the Delivery of Written Information at Kingfisher Primary School

TARGET	STRATEGY	OUTCOME	TIME-FRAME	ACHIEVEMENT	REVIEW
Availability of written material in alternative formats	The school will make itself aware of the services available through the LA for converting written information into alternative formats. Where possible, key information and documents will be available as a web page rather than a PDF document in order for screen readers to work effectively. Use expertise of staff in other Trust schools who speak other languages. Ensure that the level of language is appropriate and that all acronyms are explained.	The school's website will be more accessible, and the school will be able to provide written information in different formats when required for individual purposes.	2025 - ongoing	Delivery of information to disabled pupils and EAL pupils and parents improved.	
Make available school brochures, school newsletters and other information for parents in alternative formats where required.	Review all current school publications and promote the availability in different formats for those that require it. Use a video tour of the school for those who cannot access in person.	All school information available for all in required formats.	2025 on request	Delivery of school information to parents and the local community improved and accessible to all.	

Review documentation with a view of ensuring accessibility for pupils with visual impairment	Get advice from HVSS on alternative formats and use of IT software to produce customized materials. Begin to use protected MS Word documents instead of PDFs.	All school information available for all regardless of need.	2026 ongoing	Delivery of school information to pupils & parents with visual difficulties improved.	
Enable parents and other users to view information by easier means	Populate school website with relevant and timely information. Include video tours of the school and key information available in other languages.	School information conveyed in pictorial, written or video form as required.	2026 - ongoing	Attractive and easy to access key information on the website.
