## Family Learning Opportunities – Autumn Term

Dear Parents and Carers,

At Kingfisher Primary, we believe that learning is most powerful when it is shared between school and home. This term, we are excited to offer a series of Family Learning Opportunities designed to help you support your child's education in meaningful and practical ways.

Each session is tailored to the specific needs of your child's year group and will provide insights, strategies, and resources to help you engage confidently with their learning journey.

### Reception – Building Foundations Through Play and Reading

Discover the importance of active play and social interactions in early development. We'll also explore the significance of early reading and how you can nurture a love of books at home.

### Year 1 – Phonics: Unlocking the Code to Reading

Learn how phonics is taught in school, how you can support your child's progress, and explore recommended resources to use at home to make phonics fun and effective.

### Year 2 – Developing Reading Comprehension

Understand the key comprehension skills your child is learning and how to support them during shared reading. We'll provide practical tips to help make reading time engaging and purposeful.

### Year 3 – Formal Methods in Maths

Explore the formal methods your child is using for addition and subtraction, as well as the concept of inverse operations. Gain confidence in supporting their mathematical thinking at home.

### Year 4 – Mastering Times Tables

Learn strategies to teach and reinforce times tables across all ability levels. We'll share ways to extend learning and make practice enjoyable and effective.

### Year 5 – Reading Comprehension in KS2

Dive deeper into the comprehension skills needed at Key Stage 2. Discover how to support your child's understanding and interpretation of texts through engaging discussions and activities.

## Year 6 – Online Safety and Transition Preparation

Join us for an important session on online safety, helping your child navigate the digital world responsibly. We'll also discuss how to support your child through the transition to secondary school.

We warmly invite all parents and carers to attend these sessions. Dates and times for each year group are shown below. Please complete the form on the link below, if you can attend your child's session. Up to 2 adults can attend with each child.

Your involvement in these learning opportunities makes a real difference. We look forward to welcoming you and working together to support your child's learning.

Warm regards,

*Mr Green*

Mr Jack Green  
Deputy Head
